PUBLISHED WEEKLY BY THE STUDENTS OF THE GEORGE WASHINGTON UNIVERSITY

"How To The Line And Cleave To The Truth"

VOLUME XIV. NUMBER II.

WASHINGTON, D. C., DECEMBER 14, 1917

FIVE CENTS

## PRESIDENT STOCKTON'S RESIGNATION ACCEPTED

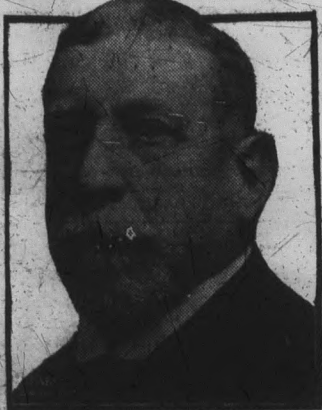

**Trustees Appoint Dr. W. M. Collier to Succeed Him, September 1, 1918.**

### RESIGNATION STATEMENT TO STUDENTS

**New President is Lawyer and Diplomat of International Prominence.**

The resignation of Admiral Charles Herbert Stockton, President of George Washington University since 1910, is received with very real regret by both the students and the faculty. His successor, Dr. William Miller Collier, former American Minister to Spain, will take his place in the University next September as President Stockton's resignation does not take effect until the end of this academic year.

"My principal reason for resigning," said President Stockton, "is that I am in my seventy-third year and I feel that the University requires and should have a much younger man as President. There are many matters to be solved that make it desirable that the President who should meet them should be able to look forward to a career of a number of years. There are endowments to be restored and built up, increases of the salary of the teaching staff to be provided for, buildings to be erected and property to be purchased for future expansion of the University. All these will take much time, systematic plans and great endowments. In the ordinary course of life it is too late now for me to enter into matters of this kind, many of which may have to be postponed until the end of the war."

(Courtesy of The Star.)  
PRESIDENT STOCKTON.

"The eight years which I shall have the office of President has been a period in my life both congenial and satisfactory. There is to me no more interesting and important matter than the training of young men and young women for the future life, and, though I feel handicapped by my advanced years and the lack of fuller facilities of the University, I still feel that nothing could appeal to me more forcibly than the work in which I have been engaged during the period mentioned."

"Fortunately the severance of my relations with the students of the University will not be at once, but at the end of the academic year. It will, however, when it does occur, be accompanied with feelings of deep regret. I cannot free myself, even if I so desire, of the feeling of deepest interest in those who have attended the University in the past and are attending it at the present time. I trust that this may be reciprocated from the student body. I am proud to have been head of an institution in which were so many earnest young men and young women laboring for a collegiate and professional education. I know of no persons who should claim more assistance in the way of scholarships than those who are supporting themselves and devoting their

spare time to obtain an education which will make them more useful citizens of the republic.

Dr. Collier, who succeeds me, is a personal friend of mine whom I have known over twelve years. He has held many public positions with much credit to himself and his country. He stands ready to devote the rest of his active life to service for the University, and I am sure that those thrown into contact with him will feel the value of all that he will endeavor to do for the University and its students.

"It's too early to say good-bye, but it is not too early to wish all the students and the faculty a Merry Christmas and a Happy New Year."

(Courtesy of The Star.)  
DR. W. M. COLLIER.

In taking charge of the affairs of the University eight years ago Admiral Stockton brought back the confidence of the public to the University in a time when there was a general feeling outside that the affairs of the University were not on a strong basis. Through his successful management the University has put itself on a self-supporting basis and has added five new buildings to the Arts and Sciences Department. Beside this there has been an increase of over 400 students in the enrollment. For a part of this time President Stockton served without pay.

The faculty greatly regret that he cannot serve until the war is over. They feel that he has been a successful President in every way, and, together with the students, feel that his resignation will be a great loss to the University.

Dr. Collier is known as a lawyer and diplomat of international repute. From 1905-1909 he was Minister Plenipotentiary and Envoy Extraordinary to Spain. Before that he held the office of Assistant Attorney General of the United States, assigned as Assistant Attorney General of the Department of Commerce and Labor, and in 1904 Solicitor of that department at the time that that office was created by Congress. In 1898 he was referee in bankruptcy for the Northern District of New York and later Civil Service Commissioner for the State of New York for four years.

He has taught in the New York Law School, Brooklyn Polytechnic Institute and George Washington University, where he has been a lecturer on diplomacy for the last two years.

As a member of the faculty here he has taken an interest in the student life of the school, and the motto, "How to the line and cleave to the truth," which is printed in The Hatchet every week, was his suggestion.

Dr. Collier holds the degrees of A. B. and A. M. from Hamilton College and the degree of LL.D. from G. W. U. At Hamilton he won membership in Phi Beta Kappa. He has been an enthusiastic member of Chi Psi Fraternity and has been editor-in-chief of its quarterly magazine, The Purple and Gold.

## TICKETS NOW ON SALE FOR FIRST PLAY

**To Be Given Next Wednesday Night in the A. & S. Chapel**

**EIGHT O'CLOCK SHARP**

The first G. W. U. Players' production, "All of a Sudden, Peggy," will be given in the A. and S. Chapel, 2023 G Street, next Wednesday at 8 o'clock sharp. The Story Tellers' League has surrendered its rights to the chapel to the Players for that night. The play offered is, from all accounts, a light, snappy comedy, and the cast has put in many hours of hard work to be able to present to their audience an evening of delightful entertainment.

Tickets have been printed and are now on sale in the hands of Martha Magraw, Elizabeth Davis, Elizabeth Peiser, and Mr. Stecher, who will make a vigorous campaign to fill the hall Wednesday night. Tickets for the first five rows are fifty cents and for the remainder of the floor twenty-five cents and the gallery fifteen cents. The tickets will be numbered and reserved so that everyone buying one will be sure of a seat.

The cast which was selected some time ago was selected as the result of a competition for the parts and those taking part are the best of the Players. Two of the cast who were members of the Players last year and took part in last year's productions are Ada Howell, playing the leading female part, and Rhoebe Gates, who will play the part of Lady Cracken-thorpe. Other members of the cast are W. C. Burton as Jimmy, who will play opposite Miss Howell, Polly Voorhees will play the part of Millicent, Phillip Criseman as Jack, C. H. Freark as Anthony, R. K. Peterson as Major Phipps, and Rachel Baner as Mrs. O'Mara, a typical Irish widow.

The purpose of charging admission is to cover the expenses of the play, as a \$25 royalty was paid for it, and some expenses will be entailed in the procuring of the scenery, the costumes and other small expenses incidental to such a production.

Those in charge of the play have announced that those attending may be able to have a little informal dancing after the show.

## PROMINENT EDUCATOR NEW TRUSTEE

Judge George F. Moore, Sovereign Grand Commander of the A. A. S. R., Southern Jurisdiction, who has been long prominent in Southern educational work, has been appointed as a member of the Board of Trustees of this University.

In his position as Grand Commander, which is a life appointment, Judge Moore is filling the place held by General Albert Pike, a prominent Washingtonian, and later by Mr. Richardson, also of this city. The new Trustee should be eminently fitted for the position, due to his long experience in southern educational work, his experience as a lawyer and his present position as Grand Commander of the A. A. S. R.

Judge Moore was born in Talladega, Ala., received his education at country schools and later took up the study of law at the University of Virginia. Later he moved to Montgomery, Ala., where he has resided ever since 1874. In 1888 he was appointed Assistant United States District Attorney and served also through President Harrison's administration, being retained because of demonstrated fitness and efficiency. Later he was appointed to the position of United States Attorney. For a long time he practiced law in New York City, where he was well known as a prominent corporation lawyer.

## VOTING BEGINS TODAY FOR COUNCILMEN

**One From Engineering College and One From Graduate School to Be Elected**

**POLLS CLOSE TUESDAY**

The election to fill the vacancies in the Student Council from the Engineering Department and the School of Graduate Studies begins with this issue of The Hatchet and lasts until Tuesday, at 8 P. M. The candidates are Jacob Lenovitz, Benjamin Cruickshanks and Russell Whyte, from Engineering, and Peter J. Donk and Theodosia Seibold, from the School of Graduate Studies. These nominations have been approved by the chairman of the Faculty Committee on Student Activities, and now go on the ballot for voting, one candidate to be elected for each department.

Mr. Lenovitz, Mr. Cruickshanks and Mr. Donk were nominated by the Council as a result of petitions, Mr. Whyte directly by petition and Miss Seibold by vote of the Council.

It is hoped by Vic Kebler, chairman of Election Committee, that more interest will be shown in this election than in the last, and that every one will vote in order to show that he is interested in the membership and work of the Council. At the same time it is desirable that care be exercised and that those students be elected who will take an active part in the work of the Council and give it the time it requires. The government of the student body depends to a large extent upon the Council, and the selection of any but conscientious representatives will be disastrous.

Ballot boxes will be found in the office of the Secretary of the University at the Arts and Science building, and in the office of Dean Borden at the Medical building. Only engineers and graduate students can vote for the Councilman for their department. The ballot used should be either that which appears on the last page of this paper or a ballot made on the same general form, bearing, besides the name of the candidate, the voter's name, department and class. Any ballots not conforming with these specifications will not be counted.

The election closes at 8 P. M. sharp Tuesday night and no votes will be accepted after that time. Any inquiries should be addressed to Victor Kebler, Chairman of the Election Committee, at Columbian College.

## CAMPAIGN FOR SUBSCRIPTIONS IS STARTED

Subscription blanks for the Cherry Tree have been distributed among the staff and other students of the University, who will carry on a vigorous campaign for subscriptions. This campaign is to be a thorough one, owing to the small number of tax signers this year. Every one will be asked to subscribe. Those missed in the canvassing are asked to send their subscriptions directly to the Cherry Tree office.

The price of the book this year is \$2.50. Payment may be in full amount or \$1 down and the remainder before February 15. No subscription will be received after February 25, for the book goes to press March 1, and will be ready for distribution by April 15.

Owing to this early date of publication this year Mr. Hornaday, the editor, asks that all who have material to contribute to hand it in as soon as possible. Contributions from any student will be considered for publication.

## BASKET BALL TEAM MEETS GALLAUDET

**First Game This Year at the Y. M. C. A. at 8 O'clock Tomorrow**

**REDS LOSE TO BUSINESS**

Tomorrow night, for the price of a single admission, one will be able to see our boys and the men from Gallaudet get together in the first basket ball game of the year under the auspices of the new league. The contest will be staged at our "home grounds," Y. M. C. A., promptly at 8 o'clock, and the man at the gate will either punch your season ticket or separate you from 50 cents, unless a man with a season ticket is taking a guest, in which case the guest's admission will be the nominal fee of 25 cents. The same admission fee will entitle one to stay for another league game immediately following ours.

The team has been practicing for a little over a month now, and most of the rough corners have been smoothed down, and the product bids fair to become a fast and smooth running machine. The squad has been cut to approximately twelve men, all of whom are quite fast and have a well-defined notion of the location of the ordinarily elusive basket. They are a scrappy lot, and, in spite of their handicap in the shortness and infrequency of their hours of practice, are sure to put up a strong and game fight for high honors in the league.

The probable line-up for tomorrow night is as follows: Roberts and Wilson, forwards; Erdall, center; Witt and Lansch, guards. It is, however, expected by those who know that most of the remaining squad will be given an opportunity to show how much basket ball they can exhibit against the fast bunch from Kendall Green.

Last Wednesday afternoon the "Reds" from the squad made a short social call at Business High School. When they left the score was 16 to 6 against them. The team work of the boys from Business was exceptional for a high school squad, but the team work of our men was very poor. We have a return game with Business at the Y. M. C. A. on the 22d of December, and at that time the team hopes to avenge their defeat.

The line-up was: Business High—Fegar, right forward; Schneider, left forward; Zehydo, center; Towles, left guard; Schafer, right guard; G. W. U. Reds—Hanson, right forward; Kebler, left forward; Hodgkins, center; Herron, left guard; Bertenshaw, right guard.

Substitutions—Kaufman for Bertenshaw; Underwood for Kaufman; Allen for Kebler; White for Hodgkins. G. W. U. scores: Kebler 1, Bertenshaw 1, Kaufman 1.

## DUAL DEBATE WITH LAFAYETTE MARCH 21

The Debating Council announces that it has practically completed arrangements for a dual debate with Lafayette College to be held on the evening of March 21.

The question is the one chosen by the Secretary of the Pennsylvania Debating League, to which Lafayette belongs, for debates during this year. It reads as follows:

"Resolved, That the successful prosecution of the war requires that all citizens of Germany, Austria, Bulgaria and Turkey now residing in this country, should be interned until peace is secured."

Tryouts for the teams will be held on the evening of January 10, the place and hour to be announced later by the Council. Speeches for the tryouts will be limited to five minutes, and the candidates may speak on either side of the question.

Inasmuch as teams are to be selected to support both sides of the question, there is need of a larger number of candidates than usual and every student in the University with debating experience is urged to try for a place on one of the teams.

## ENGINEERS APPOINT DRAFT COMMITTEE

To Work With Faculty in  
Connection With the De-  
ferred Draft Exemption

### THREE GIVE PAPERS

At the meeting of the Engineering Society, held in the A. and S. Assembly Hall last Monday night, a committee was appointed to work with the faculty in connection with the deferred draft exemption for Engineering students.

At that meeting Raymond Harsch, of the office of Public Roads, gave an illustrated talk on "Testing of Road Materials," telling of the different tests applied to rocks and concrete. John D. Spalding, an employee of the Washington Steel and Ordnance Company, gave a talk on the operation and design of furnaces used in the manufacture of shells. Studying was explained by J. Lenovitz in a review of Prof. Swain's recent book, "How to Study."

In addition to the regular talks of the evening, Alvin Biggs, president of the Student Council, urged participation on the part of the Engineers in the Council election, now going on, and also put in a plea for the Engineers to support the basketball team by buying a season ticket and by attending the first league game, which will be held tomorrow night.

As is customary, the girls of the University gave the Engineers a feed before the meeting, including liberal portions of ice cream. The next meeting of the society will be held the second Monday in January.

## FORMER PRESIDENT RECEIVES MALLET

Mr. B. M. Stovall, a former president of the Columbian Debating Society, at the last meeting was presented with the mallet which he used during his incumbency in office. Mr. Stovall in making it recalled some of the interesting meetings during his three years association with the society as a member. He expressed deep regret at ending the enjoyable and profitable work.

A debate was held as to whether the interest on the Liberty Bonds should be paid by income and excess profits taxes. Messrs. Allen, Mathias and Kendall of the affirmative were awarded the decision. Messrs. L. A. Kendall and H. Perlin were awarded first and second honors.

"Resolved, That the United States declare war on Austria and Turkey" will be debated at the meeting held tonight. Messrs. C. A. Miller, L. Levine and E. Manning will maintain the affirmative and Messrs. J. T. d'Fries, J. C. Hatcher and C. M. Randall the negative.

### UNIVERSITY MASONIC CLUB GOES ON A VISIT.

The University Masonic Club, Saturday evening, December 8, after a short business session in the Commandery room of the New Masonic Temple, repaired in a body to the meeting of the Lambskin Club, to which they had been invited, and, to quote several members, "had some time."

The evenings of the club are devoted entirely to social affairs, all business of the club being conducted by an Executive Committee outside of club hours, and let it be said this committee consists of live wires who are making preparations for some large social evenings in the very near future, which all Master Masons in the University and members of the Acacia Fraternity in the city, who enjoy a good time among good fellows, should attend.

At present the club meets the second Saturday in each month at 7:30 in the Commandery Room of the New Masonic Temple.

All faculty members, alumni, and undergraduates of the University who are Master Masons in good standing are eligible to membership in the club, also all members of the Acacia Fraternity in the city.

Eligibles who are not members are cordially invited to the next meeting, the date of which will be announced through the columns of this paper.

### ARE YOU INTERESTED IN BOILER TESTING?

All G. W. U. students taking engineering and naval architecture courses have been invited through Dean Hodgkins to witness the testing of some boilers that have been recently installed in the army steamer Wetherell. The testing will take place today.

### Personals COLUMBIAN COLLEGE.

All Columbian College Seniors must see to getting their pictures taken, paying their fee of \$1 and giving to the departmental editor any material for the Senior write-up in the Cherry Tree. V. L. Kebler is the departmental editor.

The wonderful array of pink neckties will be seen no more. They have all been laid away in moth balls for future use.

### LAW SCHOOL.

The great case of "U. S. vs. Turpin" is now closed. Fred Arbor, the defendant, was adjudged greatly of bigamy.

Madden, '18, has joined the navy and will be stationed at the Navy Department.

Lyle Alverson, '18, recently received a commission as ensign in the navy. Lyle created quite a sensation when he came into class in his new uniform.

Every one in the Law School is busy having their pictures taken for the Cherry Tree. If they are not they should be. This last applies particularly to the Senior Class.

### MEDICAL SCHOOL.

Men of the Medical School are continuing to enlist in the Medical Reserve Corps. G. Vail Minick, President of the Freshman Class last year, has just passed his physical examination in connection therewith.

The Sophomores are becoming alarmed over the prospect of pre-Christmas finals.

D. G. Dickerson and George H. Rawson of the Senior Class, and J. C. Doyle of the Junior Class, assisted in receiving the public at the "open house" held at the Casualty Hospital on last Tuesday evening. Casualty has been undergoing improvements in the way of renovation and extension and has increased its beds by about fifty-four.

### NURSES.

Miss Josephine Billingsley has returned from a few days' visit to her home in Virginia.

Misses Mary Bogert, Bessie Walker and Mrs. Fuicher are taking a two months' course at the Episcopal Hospital.

Miss Bessie Palmer returned from Children's Hospital last week.

Miss Lola Spratt, who was called home on account of the serious illness of her sister, has returned.

Miss Bratton, who has been ill for the past few weeks, is able to be out again.

Miss Jansen has not been able to attend to her duties for several days. Miss Neff is spending two months at Children's Hospital.

## FIFTY DOLLARS FROM TAGS FOR ORPHANS

"A way to a man's purse strings as well as to his heart is through his stomach," said Phoebe Gates of the Phi Mu Sorority, as she sold her last tag for the benefit of the French War Orphans, to the Engineers' Society as they left their monthly dinner last Monday night.

The tags were sold by the members of the Phi Mu Sorority in all departments of the University last Monday and a net profit of over \$50 was cleared. Of the 500 tags printed, over 450 were sold at whatever the buyer was willing to give. The money will be sent immediately to France under the direction of Prof. George Neely Henning. Although they will not receive the total amount, Jean and Yvonne Rousseau, the two G. W. U. orphans, will be among those who will receive benefit from the money.

### SINGERS MEET TONIGHT

The first meeting of the Girls' Glee Club will be held this evening in the Assembly Hall. Mrs. Otis Swett, wife of Prof. Swett, will conduct the practice, as she has done in previous years. A Christmas cantata is to be given on the steps of the Capitol, in which the girls of the club will take part. The songs which are to be sung at this occasion will be rehearsed by the club at various meetings before Christmas.

### TO GO TO NORWAY.

Einar Dieserud, Law '18, has been appointed as Vice Consul and Clerk in the American Consular service at the Consulate in Christiansia, Norway. Dieserud is the Law Librarian, a member of the Columbian Debating Society, the Walter Clark Law Club and the local chapter of the Kappa Sigma Fraternity. Due to his desire to prepare himself for his new position Dieserud has resigned as Law Librarian and has dropped his law work, although he hopes some day to return to take his degree.

## G. W. U. LENDS CLASSROOM TO NAVY

Beginning next Monday Prof. Kern's classroom on the first floor of 2017 G Street will be used by the Navy Department for instruction of seventy ensigns recently appointed from civil life. The instruction, which is to last for three weeks, will be given in engineering subjects, from 9 until 4:30, by naval officers. In addition to Prof. Kern's classroom the University has offered to the Navy Department any additional room desired if it can be spared, the use of the mechanical laboratory, and the ensigns will also have the privileges of the men's rest room during their leisure time. The Navy Department offered to pay for the use of the classroom, but the authorities of the University are loaning it free of charge, which is entirely in keeping with the attitude that the University has consistently taken in their desire to do all possible to help in the present war. Most of the ensigns who are to be instructed here are graduates in electrical engineering.

The classes now taught by Prof. Kern in the aforementioned classroom will meet in the room directly above on the second floor, and the French and history classes that meet there will move to the front room on the second floor.

## OVER THIRTY DOLLARS FOR CHOCOLATE FUND

The soldiers' chocolate fund will be enlarged by \$30 or more when the Pan-Hellenic Association turns in the profits made on the dance held for that purpose last Saturday night at the Cairo. The ballroom was crowded by the large number of students and co-eds, and if those in charge had not limited the sale of the tickets the proceeds would have been much larger, as many people were refused tickets after the original number had been disposed of.

Just before refreshments were served Miss Helen Hughes, daughter of Charles Evans Hughes, ex-Justice of the Supreme Court and Presidential candidate in 1916, made a plea to the G. W. U. students present to aid in the raising of the students' fund which the Y. M. C. A. is raising for the prison camps. Miss Hughes is traveling all through the country asking students in the different universities to help in this work in the spirit of sacrifice.

In the receiving line were Dean and Mrs. Hodgkins, Dean and Mrs. Reudiger, and the Pan-Hellenic representatives from each sorority: Pi Beta Phi, Nell Stanton and Leonilla Lloyd; Chi Omega, Catharine Vaux and Elizabeth Paul; Phi Mu, Josephine Jonas and Elizabeth Voorhees, and Sigma Kappa, Mrs. Nell Enlow and Annie Cardwell.

A four-piece orchestra from the Eb-bitt furnished the music, and the programs were of buff and blue, with the G. W. U. seal on the cover.

## RED CROSS CLUB TO MAKE GARMENTS

At the meeting of the University Red Cross Club, held last Tuesday in the rooms of the Woman's University Club, plans for making garments and helping in every way possible were discussed. The club will buy a sewing machine and will make the following articles: one dozen pajamas, one dozen bedshirts and two dozen comfort bags.

Those girls who desire to buy wool to knit sweaters may purchase the necessary amount, one-half pound, at the Wadsworth House, before December 31, and for after that date. Those who purchase wool in this way must return the same amount of wool to the Red Cross, until after January, when free wool will once more be issued.

The club will meet again next Tuesday at the same place.

### Trustee Appointments

At the meeting of the Board of Trustees on December 4, 1917, appointments were made as follows: Thomas A. Poole, M. D., clinical instructor in laryngology and otology and assistant laryngologist and otologist in the dispensary; Annie Marion Cardwell, student assistant in English to the close of the academic year; Marie Ellen Gatchell, A. B., student assistant in English to the close of the academic year; Margaret Morton Knowles, A. B., student assistant in English to the close of the academic year; James Byrne Ranek, student assistant in history from November 15, 1917, to the close of the academic year; George Valentine Whittle, M. E., instructor in naval architecture from November 1, 1917, to the end of the academic year; George E. Demant, recorder of the Department of Arts and Sciences from December 1, 1917; James Chambers Pryor, A. M., M. D., professor of preventive medicine.

## SIGMA ALPHA EPSILON.

The past Thanksgiving will be long remembered by Bro. Albert Joseph Mottern, who, during his brief stay in Cincinnati, joined the ranks of the benedicts.

Bro. Lieutenant Frederick Calkins, who graduated from the Plattsburg training school, has been at the chapter house since last Wednesday. He left Sunday afternoon for "somewhere in Massachusetts."

The tea Sunday was given by the newly initiated men for the men in the chapter. Mrs. Charles R. Lane poured tea and Mrs. R. L. Bradshaw served the cream. Bro. George Young, the originator of the party, deserves a great deal of credit.

Bro. Stem of Chicago dropped in for a while during the tea. He is now connected with the Navy Department and expects to be in town for a long time. Bro. Lieutenant Howard Dix has been ordered to Rochester on business. We regret to say that Bro. "Reds" Meckely was forced to undergo an operation for appendicitis last Saturday night. So far his condition is as well as could be expected, and he hopes to be out and around before very long. Bro. A. C. Brody has passed his exams for entrance to an aviation school and is now waiting orders to report.

## SIGMA PHI EPSILON.

The Sigma Phi Epsilon Alumni held their first meeting of the year last Friday evening, following dinner at the Ebbitt. Congressman Johnson spoke of his experiences on the western battle front with the congressional party that saw the U. S. boys in action. His talk was intensely interesting and enlightening as to actual conditions abroad and full of amusing anecdotes that gave a vivid description of the war game.

Funkhouser, Mekasky, Clark, Ware, Stockett and Logan are the latest Sigma Phis to join the army. The first two chose ordnance, Clark aviation. Ware the ambulance corps and Stockett the quartermaster corps.

## KAPPA SIGMA.

A number of stars have been added to the Kappa Sigma service flag during the past few days. Bros. Billingsly and Richardson having enlisted in the navy, Bro. Stovall in the marine corps and Bros. Atherton and Strohm in the aviation corps.

Dr. Fred Woods has been commissioned Lieutenant, J. G., in the navy. Bro. Earl White has enlisted in the Dental Reserve Corps. Bro. Smith of Alabama was a visitor at the chapter house last week.

## SIGMA NU.

Bros. K. G. Pulliam Jr. and H. A. Pulliam, both from Lexington, Ky., were with us Sunday. K. G. Jr. is a junior aviator with a rank of Captain. We were pleased to have Bro. M. S. McCullough from Missoula, Mont., with us last week.

All the Sigs are grateful to note the much improved condition of Bro. "Bob" Schmehl, who has been very ill at Walter Reed Hospital for some time.

The Christmas dance will be held at the house December 26.

## KAPPA ALPHA.

The annual Xmas dance will be given at the chapter house on December 27, 1917.

Kappa Alpha announces the initiation of Lyon (Lake), Strother (C.C.), Stretch (C.C.) and Whitehead (C.C.).

Lieutenant Leslie Burlingame was wed to Miss Margaret Long of Richmond, Va., in that town last Saturday. Bro. Dolman was best man. Lieutenant Burlingame will take up his duties at Petersburg, Va.

News has reached this chapter of the marriage of Lieutenant McAllister Carson and Miss Abigail Alexander in Charlotte, N. C.

## PHI CHI.

Phi Chi will give a smoker at the chapter house Saturday, December 15. Drs. White, Bovel, Borden and Davis are to speak.

A rumor has been current around Medical School to the effect that Bro. Lieutenant Jerry Huddleston, who graduated in '15, had been killed in France. It has been definitely learned that he was seriously wounded, but not killed.

## PHI ALPHA.

Word has reached the Alpha Chapter that Bro. Rosenberg of Baltimore is about to enlist in the Medical Corps of the army commissioned as First Lieutenant.

Bros. Davis, Safer and Hamilton are hard at work training at Fort Leavenworth, Kansas, for their expected commissions.

## SIGMA KAPPA.

Miss Annie Cardwell will spend the week-end of December 13 at Richmond, Va.

Miss Nancy J. Dunton of Rho Chapter at Randolph Macon Woman's College is visiting in Washington. While here she is visiting Josephine M. Huber.

Mrs. Nell Endlows gave a card party for Miss Dunton on the evening of Wednesday, December 12.

Miss Ruth McBrien will entertain at a dance at her home on the evening of December 14.

## PHI MU.

Phi Mu held an informal chapter dance at the home of Miss Gertrude Metzgerott, Friday evening, December 7.

A shower for Miss Ruth Moses, who is to be married December 15, was held at the home of Miss Betty Voorhees Tuesday evening.

## CHI OMEGA.

The Chi Omega will give their Christmas dance at the Terrace Inn, Saturday, December 15.

Miss Emma Reh has been in Washington during the past two weeks on leave of absence from Charlottesville, Virginia.

Miss Margaret Bristow has accepted a position in the War Department. The chapter entertained at a buffet supper in the room last Friday evening.

## PI BETA PHI.

Pi Beta Phi is giving its annual Christmas dance Christmas night at the Cairo.

The chapter entertained several of their friends at the home of Miss Ruth Breuninger Thursday night.

Louise Gardner and Hester Munger have accepted government positions.

## THETA DELTA CHI.

We are pleased to announce the initiation of E. G. Lippitt, Architect, '19.

Ensign "Billy" Wilbur blew in town last Sunday on a week's leave from duty at Charlestown, S. C., where he is stationed.

Captain Robert S. Fleishelm has just returned from Cleveland on a business trip.

George Phillips was recently commissioned as a Second Lieutenant in the Coast Artillery Corps and left for Fortress Monroe December 1.

Herbert Brackett has received a commission as Second Lieutenant in the Coast Artillery Corps.

Clifford Merrill, Rho Deut. '17, and Norman C. Brodessor, Sigma Deut. '13, are now staying at the charge house.

The annual Christmas dance will be given at the house Friday, December 28.

## PHI SIGMA KAPPA.

Bro. "Chappie" Burrowes, Lambda '03, Vice President of the Council, was a visitor at Lambda Chapter last week. He brought us quite a bit of news from the other chapters of the fraternity.

Bro. J. Albert Fink is back in Washington for a short time. He is at present traveling for a large chemical firm.

Bro. "Bill" Flood, '19, Second Lieutenant in the aviation section, Signal Corps, U. S. A., is in New York, and is eagerly looking forward to his trip "Over There." He expects to sail before very long.

## ALPHA KAPPA KAPPA.

Alpha Kappa Kappa's third dance of the season was given at the home of Hazen H. Wilson, 4004 Georgia avenue, Saturday night last. A fine evening, splendid surroundings and the best music, etc., made the occasion one to be long remembered by all who were present. All voted it the best of the season. Various alumni in the service lent a most distinguished and warlike atmosphere by their presence.

## KAPPA PSI.

Kappa Psi announces the initiation of the following: Merlin Jacobs '21, George Bradshaw '21, Russel Foster '21 and George Nordlinger '18, Columbia College.

Bro. Thomas Furman, Baltimore Delta, visited the local chapter last week-end.

## OMEGA TAU SIGMA.

Omega Tau Sigma Fraternity, Epsilon Chapter, will hold its regular meeting Saturday evening. It will be made a special evening in celebration of the anniversary of the establishment of Epsilon Chapter in George Washington. A feed is promised and also several candidates will be on hand for initiation.

## REGRET RESIGNATION

It was indeed with great regret that we learned of the final decision of Admiral Stockton to resign his position as president of the University and to retire into private life. Although Admiral Stockton announced to the Board of Trustees last June that it was his intention to resign as soon as a suitable successor could be found, the definite statement that he will retire from the active presidency next June finds us all unprepared to meet it.

Admiral Stockton assumed the duties of the presidency nine years ago and worked for several years without compensation. He found the school at the beginning of his incumbency in rather an unenviable position, for at that time George Washington University could boast of very little financial backing and very few prospects for a better financial position. In addition to this the student body was small and the financial difficulties of the years previous had tended strongly to rob us of the confidence of the public. Our future at that time was dubious at best and it was an Herculean task that confronted the new president.

Since that time, however, and it is indeed a short time when compared to the character and number of the forward steps we have taken, Admiral Stockton has guided the ship of George Washington University through the dangerous shoals of financial difficulty out into the broad river and has placed it in a position to sail quickly and safely to the home port of financial soundness.

During his incumbency in office the enrollment in the various colleges of the University has increased at an hitherto unprecedented rate. To meet the many and varied demands many additions have been made to the curriculum and it is now possible for a man to secure a much broader scope of learning than it was when Admiral Stockton came into office.

In addition to these tangible evidences of progress, Admiral Stockton has done one thing that many college presidents find impossible. Through his always keen and sympathetic insight into the sphere of student activities he has won a firm place in the hearts of all of us and it is with sincere regret that we read of our Prexy's determination to leave us.

Admiral Stockton will be succeeded by Dr. W. M. Collier, a noted diplomat, a distinguished author and a scholar. The Board of Trustees is to be congratulated on their happy choice and the University should be considered fortunate in securing such a man.

While it is true that Dr. Collier is succeeding a man of exceptional ability, fine talent and great accomplishment, there is no doubt in the minds of those who know him as to his ability to fill the vacancy in a manner most acceptable to the Board of Trustees and the student body as well. It is our desire to extend to him a most cordial welcome and the hearty assurance that he will meet with the entire co-operation of the students toward the attainment of a greater and better George Washington.

## EXCHANGES

More Women Invade Professional Courses.

A marked increase in the number of women students who are majoring in professional courses is shown by the statistics in the 1917-18 directory just published at the University of Wisconsin. In the Course in Chemistry, although the total enrollment has dropped from 111 to 87, the number of women has increased from 9 to 16. In the Course in Commerce, whose general enrollment has decreased from 647 to 514, the number of women had increased from 22 to 49. Among 4-year students in Journalism, while men students have decreased from 67 to 37, the number of women has increased from 41 to 45. In Law the number of women has increased from 1 to 2 and Medicine from 7 to 8. In Agriculture and Pharmacy the number has decreased.—U. of Wis. Bulletin.

The faculty of Syracuse rejected the petition of the student body to introduce the honor system into all examinations at Syracuse. The faculty felt that the honor system would not materially improve conditions, and that at the present time it should not be adopted.—Ex.

Action was taken at the meeting of the Student Council last night in regard to the larger University parties, which included the Soph Hop, the Law Scrim, and the Junior Prom. It was decided by that body to impose a war tax of 10 per cent upon the Law Scrim and the Junior Prom, based on the gross receipts and a 50 per cent tax on the Soph Hop based on the net profit. The 50 per cent tax on the Sophomore party is owing to the fact that the lateness of the Student Council action would not permit a tax on each ticket.—Ex.

The girls at Vassar are engaged in many other forms of war work besides knitting. They collect periodicals for the army, prepare weekly columns of economy hints for theatre programs throughout the country, prepare bulletins, push the Liberty Loan and make surgical dressings.—Johns Hopkins News Letter.

It is interesting to note that the women students at Wisconsin averaged 82.9 per cent in scholastic work against 80.6 per cent for the men students. The fraternity and sorority students maintained a higher average in scholastic work than did the non-fraternity and non-sorority students during the past year at Wisconsin.—Ex.

The University of Iowa is planning to help reclaim maimed soldiers. When the soldier's injuries prevent his return to war or to the vocation which he followed before the war, the plan is to make it the duty of the University to determine, through tests, for what kind of work he could be fitted.

## MEDICAL SOCIETY MEETS TOMORROW NIGHT

The George Washington University Medical Society will meet tomorrow night at the Medical Building, at 1325 H Street, at 8 P. M. The paper of the evening will be given by Dr. W. D. Tewksbury on "Ten Cases of Non-Tubercular Lung Abscess Treated by Pneumo-Thorax." Two cases reports will be given, one by Dr. C. S. White on "Acute Pancreatitis" and the other by Captain D. L. Borden on "Traumatic Wounds Received in Military Service." A smoker will follow the scientific program.

## MINUTES IN SPANISH

A new innovation was introduced in the Spanish Club last Friday night when the secretary, Elizabeth Cullen, read the minutes of the previous meeting in Spanish. Her effort was greeted with a great deal of applause, as it added greatly to the meeting in which nothing but Spanish was used as provided in the by-laws of the club.

Congressman T. R. Yagoo of the Philippine Islands addressed the club, telling them a lot about the Philippine Islands. Mr. Yagoo spoke of the rapidly progressing culture of the Philippines under the magic touch of the Americans. "The need of studying the Spanish language," he asserted, "is a necessity in the growing relations with Spanish America."

## TALKS TO BANKING INSTITUTE.

Prof. Ferson, acting Dean of the Law School, gave a talk to the members of the American Banking Institute at their last meeting. His subject was "Bills and Notes."

## CAMOUFLAGE

Camouflage is one of the terms that has come into popularity during this war, and is a very broad term in its many applications to every-day use. Spats are one of the many camouflages used by men to cover laceless shoes or worn-out tops. It is a higher term used which we can apply to the answers given by pupils to their profs. to questions about which they know nothing of the real answer. The term formerly used was "Bull." Girls like to use camouflage to make others think that "Jack Frost" brings roses to their cheeks. This is not endurable, however, and is hard on the pillow cases. Vic and George tried to camouflage others into believing that they are men, by poor little mustaches. Camouflage is very necessary in expressing pleasure when one is invited to a friend's house and discovers that it is the wheatless-meatless day. This article is the endeavor of the writer to camouflage others into believing that he is witty, and those who read it will be using camouflage when they laugh at the humor.

## CUPID DRAFTS MEDICAL STUDENT

When drafted by Cupid to assist in running the machine gun section of the United States Army, Miss Frances Binden Colonna of the Freshman Class made no claim for exemption on any grounds so far as the public has been able to ascertain. Lieut. William Painter Tate, of Pulaski, Va., connected with the 318th Machine Gun Company, was assigned by the Fates control board as drill sergeant for the recruit and instruction began on Wednesday, when with appropriate ceremonies Miss Colonna became Mrs. Tate. The first training camp is located at Columbia, S. C., but Mrs. Tate informs us that if present plans prevail she will resume her studies next fall in the Medical School. Mrs. Tate spent two years in Columbian College, 1915-16 and 1916-17, in pre-medical work and is known by many of the students there.

## FIRST COMMENCEMENT WAS 123 YEARS AGO TODAY

Today is the one hundred and twenty-third anniversary of the first commencement of the George Washington University, formerly Columbian College. While only three students received degrees, the occasion was distinguished by the presence of men who were instrumental in the establishment of a democracy in this country, among whom were the President of the United States, General Lafayette, then the guest of the young republic; John Quincy Adams, Secretary of State; John C. Calhoun, Secretary of War; Henry Clay, Speaker of the House of Representatives, and leading members of both Houses of Congress.

At a later hour the Board of Trustees and the members of the faculty dined with the guests at the home of the President of the College, Rev. William Staughton, who delivered an address of welcome to General Lafayette.

## A BIT OF HISTORY

George Washington University was once called Columbian College, and was situated way out beyond the end of the car line in the suburbs on Fourteenth Street, about opposite to Wardman Courts.

The name was changed to Columbian University by act of Congress, approved March 3, 1873, shortly after the trustees decided to sell its property in Mt. Pleasant and move down town. This change in location was not made, however, until 1884, when the University moved to 15th and H Streets.

In 1904 Congress authorized the change of name to the George Washington University, and in 1912 the Department of Arts and Sciences was moved to the present location after a sojourn of two years on I Street between 15th and 16th.

All control of University affairs, student, faculty, and financial, is vested in the Board of Trustees, who, however, delegate certain powers to various bodies of the faculty.

## HISTORY OF THE DAVIS PRIZES.

The first to receive the Davis prizes were John Wright and James L. Holmes, who were the winners of the contest in 1858.

Twelve years had intervened between the establishment of the "Davis prizes for elocution" and the awarding of these first prizes, according to the catalog of Columbian College, now G. W. U.

The Davis Prizes were founded in 1847 with a fund of five hundred dollars, the gift of Hon. Isaac Davis of Massachusetts. The catalog states that the prizes consist of two gold medals, which are to be awarded to the two most successful contestants of the Annual F. I. C. Declamations.

## CALENDAR

Friday, December 14.

Council Election begins.  
Girls' Glee Club meets.

Saturday, December 15.

G. W. U.—Gallaudet basketball game at the Y. M. C. A.  
Medical Society meets.

Wednesday, December 19.

G. W. U. Players produce "All of a Sudden, Peggy."

## SICK AT ARMY HOSPITAL.

Howard H. Martin, Columbian College '18, who has been training at Jefferson Barracks, Missouri, with the Fifteenth Recruit Company of the Engineer Enlisted Reserve Corps, is now at the Walter Reed Hospital with bronchitis, but will soon be out.

## GIRL'S SCHEDULE SOON TO BE ARRANGED

Many letters have come from schools in and near the city asking

for games with the Girls' basketball team. No exact dates have been set, but within the next week the calendar will be arranged.

A game is being arranged with the Eastern High School Alumnae team of Baltimore to be played on January 26, on which date the men's team will play Rock Hill.

Bethany College of West Virginia wrote asking for a game in February, and Temple University of Philadelphia has also sent in a request for a match, but the latter team will positively not be played this year.

Of the teams that have been heard from in the city, and with whom matches will be arranged to be played in January and February, are Bristol Holton Arms and Ingram.

The latest development in girls' basketball is the formation of a Sigma Kappa team, which will be in form in another week or so to compete in the track meet. They are expecting a challenge from Phi Mu. The girls who will play on the team, some of whom have had previous university experience are Annie Cardwell, Mary Newcomb, Lee Hardwell and Dorothy Sornborger.
